

**Together we deliver trusted solutions  
our customers love.**

## ABOUT US

Vinpac International is part of the Endeavour Group's, Pinnacle Drinks division and was established in 1975. Our business operates three packaging facilities in the iconic Barossa Valley, McLaren Vale and Gawler Belt regions in South Australia.

We are a customer-led, innovative business and Australia's largest contract bottler with flexible bottling solutions to meet every customer need. We bottle over 10 million 9LE cases annually and have over 500 customers. We are equipped to use many bottle formats, all closure types and carton configurations.

### **Vinpac International offer customers a complete service of:**

- Bottling
- Winemaking
- Packaging Material Supply
- Inventory Management
- Bulk Wine Storage
- Laboratory Services
- Warehousing & Distribution
- New Product Development

## OUR SERVICES

### BOTTLING

We operate 9 bottling lines that can accommodate most bottle formats. Each line has a dedicated team, and from set up to the very last bottle, our team delivers with excellence and care. Our sites are certified for wine handling and bottling of organic wines and sparkling.

We have dedicated Account Managers to lend assistance and guidance through our bottling processes. Account Managers are ably assisted by our Customer Service team, who look after the day to day customer liaison - ensuring wine, labels, and all other packaging materials are arriving on time, and on site, ready for the bottling date.

### PACKAGING AND SUPPLY

Whether you are bottling at Vinpac International or at a nominated co-packer/winery we are the one-stop-shop for dry goods supply. Our VI Packaging division was developed in 2008, when it was recognised that there was a market for complete packaging solutions for wineries and contract bottlers around Australia. With warehouses in SA, WA, NSW and TAS, the VI Packaging team can organise printed or plain dry goods to be delivered for your next bottling.

Through our Vinpac Procurement Team and our VI Packaging division we purchase large volumes of all packaging dry goods, ensuring our customers can source through us in a competitive manner. We guarantee that all materials sourced by us are produced to industry agreed specifications and capable of being used on our automated bottling lines.

# OUR SERVICES

## LABORATORY

Our state-of-the-art NATA-accredited laboratories at McLaren Vale and Angaston ensure that your analysis needs can be met. Our laboratory services are also available as a stand-alone service during your own winemaking processes and to meet any certification requirements.

## WINEMAKING & WINE SERVICES

Our winemaking services ensure wines are continually monitored using our own laboratory facilities. Our wine management system provides full traceability prior to and during bottling and reporting to customer requirements, including sparkling.

## WAREHOUSING, DISTRIBUTION & EXPORT

Our extensive warehouse and logistics spaces and processes are backed up by a team with experience in every aspect from finished goods storage to packing and export across the globe. Whatever our customer needs we can deliver a solution that fits.

We can offer advice on packing containers such as how many cases fit in a container and the best pallet configuration. Let us know at the time of your job request as to what your vessel cut-off date is and we will capture your requirements such as slip sheets, lining, certificates etc.

## NEW PRODUCT DEVELOPMENT

Critical to our customers' successes in recent years are our team in NPD. From label design, carton dimensions or bottle product development, the NPD team can guide and bring your concepts and ideas to life.

# WHY US

We deliver trusted solutions our customers love.

We are conveniently located in the Barossa and McLaren Vale regions and offer complete end to end requirements.

## QUALITY

We have industry leading accreditation in Quality, Sustainability and Safety and have long standing relationships in place with respected suppliers of packaging materials. Our audit processes as a business are rigorous and continually evaluated and externally validated – we are rightfully proud of our quality.

## SUSTAINABILITY

We are passionate about protecting the natural environment and the communities in which we operate. We have invested heavily in minimising the environmental footprint of our business. We are always improving our systems to reduce the impact of our operations and service, through our wastewater, recycling and solar projects.

## INNOVATION

Our experienced staff meet with Endeavour retail partners and suppliers on a regular basis to continuously monitor industry trends so we can cater for our customers needs. We have worked with our glass suppliers over the years and implemented unique options for wine bottles to create high-impact and sustainable packaging that our customers can use as a strong marketing tool.

## **IT'S OUR PEOPLE THAT MAKE ALL THE DIFFERENCE**

Our people have a strong commitment to our customers. Many of our team have been in our business for over 20 years. Our team don't stand still though, continuing to challenge the status quo and innovate for our business and customers.

Our team is passionate about what they do. They deliver value and excellence and share their expertise to help and support our customers. Whether it be with guidance in purchasing packaging materials, laboratory testing, bottling expertise or winemaking – we work with our customers from concept to finished product.

## **SUPPORTING LOCAL COMMUNITIES**

Beyond delivering a valuable service to the wine industry, we are actively involved in the communities we work in. Whether it be sponsoring a local sporting club, local school or community event, we pride ourselves on lending our support and working collaboratively with associations and non for-profit organisations.
